

SHAWNEE

Construction & Engineering

Meeting Client Vision. Exceeding Expectations.

John Schenkel, Vanessa Bender and Matt Schenkel

Clients have a vision...and expectations. Shawnee works closely with our clients, bringing their vision to life, exceeding expectations in the process.

Using our life cycle management principles, we focus on client needs every step of the way providing the highest quality craftsmanship reducing project life cost, time, risk and improving services to owners.

"Shawnee Construction's level of expertise in all types of construction is truly remarkable. They have only ever employed the best technicians and job coordinators even while other construction companies chose to make do with less expertise. This has resulted in a higher caliber of completed projects and some of the best working relationships with clients that I have seen in the construction business."

Vanessa Bender

Owner, Habitat Commercial & Residential Design

**Partnering for a lifetime
to save time and money ...**

That's smart construction!
