Fort Wayne Community Schools awards construction project to Shawnee Construction & Engineering, Inc.

Shawnee Construction & Engineering, Inc. announces contract for the new Wayne High School Technical Center to begin March 2, 2009.

Fort Wayne Community Schools has awarded Shawnee Construction & Engineering, Inc. the contract for renovation work to build the technical center at Wayne High School. The \$950,000 project, scheduled for completion in August 2009, includes a science lab technical classrooms and support areas.

Shawnee Construction and Engineering, Inc., has worked on several schools within the Fort Wayne Community Schools system for over 25 years, most recently completing the Lakeside Middle School infrastructure renovation last summer. Shawnee Construction and Engineering, Inc., specializes in working within the customized time and budgetary requirements as well as accommodating the recurrent student and staff schedules customary within the education system.

Shawnee Construction & Engineering, Inc., a leader in the field of construction services, is a family-owned and operated business founded in 1968. Built on the philosophy that sound practices and long-term relationships are essential to building sound structures, the company combines old-fashioned integrity, hard work, and dedication with state-of-the-art technology to provide the highest levels of quality, value, and service.

Shawnee Construction & Engineering, Inc., specializes in general construction, commercial, industrial, medical, education and retail construction services as well as construction maintenance work.
